<p><b>Performance Task</b></p> <ul style="list-style-type: none"> <li>Students will be challenged with complex digital graphics problems to solve, designing, developing, creating, and evaluating effective digital graphic designs. Based on the criteria and constraints, students will determine the best possible solutions to meet the needs and wants of the end-user(s). Students will design, develop, create, and evaluate their design solutions.</li> </ul>
