

ACADEMIC CAPTAINS 2022

We have a very special tradition whereby we name an Academic Captain for each game. As Academic Captain, that player has the honor of representing the team during the coin toss. Most of our Academic Captains are chosen based on nominations from teachers. These nominations could be attributed to performance, improvement, or even leadership in class.

Below is the list of Academic Captains in 2022. Congratulations to these players who earned this distinction.
