

## **GUEST COACHES 2022**

**We are blessed at Central Dauphin to have outstanding staff and faculty members who care so much about our players. They demonstrate this in so many ways each year. We believe it is important to strengthen the ties between our football program and the many outstanding faculty and staff members in our building. One such way that we have attempted to do this is through our Guest Coach Program. Starting in 2007, we have had a Guest Coach for almost every one of our home football games and a few away games as well. In the 15 years since the inception of this program, we have had over 60 different faculty and staff members on our sidelines. However, their participation went far beyond Friday nights. The vast majority of them attended many of the practices and, in some cases, the meetings throughout the week. Basically, they enjoyed an “all access pass” to be part of the CD Rams Football program.**

**Not only have all our Guest Coaches thoroughly enjoyed their experience of being a full-fledge member of Ram Football for a week, but they also developed a strong appreciation for the level of commitment demonstrated by the players and coaches. On the other side, our players certainly enjoyed seeing these staff and faculty members become part of their lives in such a way. Unquestionably, a greater degree of mutual respect was established on both sides through the course of these weeks.**
